Prep - Wild Action Incursion

Dear **Parents/Guardians**,

Throughout Semester One Prep students have been learning about Biological Science Living and Non-Living things, investigating the world in which they live in. They have explored animals from around the world in History and Geography.

On **Monday 5 June Prep B,C & D** and **Tuesday 6 June Prep E and F**, Prep students will be introduced to the Amazing World of Australian Animals and participate in an incursion with Wild Action.

Wild Action are passionate about conservation and education, with a focus on Australian wildlife.

For this incursion Wild Action will bring a variety of unique and wonderful Australian Wildlife Animal to campus for our students to meet, learn about and interact with by touching and holding a variety of Australian species. Wild Action will discuss the important role that each and every species plays in our fragile ecosystem, and the impact that mankind has had on their populations.

Please complete the permission form below before **Friday 26 May 2023**.

Yours sincerely,

Kylie McKerrow
Head of Prep

Lisa Foster
**Assistant Principal
Head of Junior School**
