

### Prep to Year 4 Co-Curricular Program

The Bacchus Marsh Grammar Prep to Year 4 Co-curricular program is designed to cater in a variety of ways for all students. It is a program run by all staff from Prep to Year 4 to enhance the learning opportunities for your child.

During Term Two students have had the opportunity to attend teacher selected or student choice activities. We are pleased to inform you that during Term Three that all activities will be student choice. Children that received notification of selection in Term Two are still eligible to attend their session.

All Co-curricular activities will be offered during the day at lunchtime. The activities will take place on different lunchtimes throughout the week as specified in the handbook.

Students can attend these activities on a voluntary basis. Please note that these activities have maximum numbers of participants and once the maximum number is reached on that day, students may miss out for that session.
